If it becomes necessary for my child to receive emergency medical treatment and I cannot be contacted by telephone or other means to authorise this, I hereby give my general consent to any necessary medical treatment and authorise the Leader in charge to sign any document required by the hospital authorities.\*

I give general consent for my child to take part in all scouting activities. I acknowledge that my child may be transported to or from activities in Group owned vehicles, Leader's or parent's cars, hired vehicles or on public transport. I accept liability for any damage to property or equipment caused by my child, and I understand that the Leader in Charge reserves the right to send any participants home if necessary.

Sometimes photo and video images of Scouts taking part in activities are submitted to the local media, District or County newsletters and websites or put on display, and I give my general consent for this.

I accept that 4<sup>th</sup> Ewell (Nonsuch) Scout Group will be keeping information about my child's membership of the Scout Movement for Scouting purposes in accordance with the Data Protection Act 1998. No information held will be shared with third parties outside of Scouting without prior written consent. I will inform the Group immediately of any change to the above information.

This permission is valid until my child leaves the Scout Movement.

\*Note: The medical profession takes the view that parent's consent to medical treatment cannot be delegated. This view is explicit in the Children Act 1989. Thus medical consent forms have no legal status and a doctor/nurse insisting on the consent of a parent to particular treatment has the right to do so. For this reason we do not insist on parents signing the statement above. However, it can be a comfort to medical staff to have general consent in advance from parents or to have a Leader on hand able to sign forms required by medical authorities. Please delete this part of the statement if you do not wish to sign it.
